Build your table.

Draft six players into six seats, inside one budget. **Where you seat them decides what they're worth.**

Busy? You're still in.

Miss an event and autocomplete fills your seats. **Every team is entered in every event** — you never fall off the leaderboard.

EVENT 3 — SIX MAX

● AUTO-FILLED

Seats completed from your last saved table

EDITABLE

Tap any seat to change it before lockout

Throw in the straddle.

One chip, one seat, one event. It doubles that seat's multiplier. **Pick the right spot and it could change the whole event.**

STRADDLE CHIP

Dealer — J. Calder

~~×2.00~~ → **×4.00**

Then you get one hour.

When the real tournament locks, we load the confirmed field and price it off chip stacks. Then **you get sixty minutes to react.**

Now you sweat.

Chip counts land on the Sweat tab as they come out of the room. Watch your six climb — or bust.

THEN AGAIN

Scored. Ranked. Repeat.

Results load, points post, the series table moves. Then the next event opens and you do it all again.
